**Present:**

Zach Prenovost  
Cam Wilson  
Aidan Murphy  
Karlen Speiser  
Anne  
Lorne  
Client Liaison from Team A  
Client Liaison from Team B

**Agenda**

Groups will be displaying web application prototypes to Anne and Lorne

Group A:

- Email or phone number login option
- Home 'button' in navbar to easily navigate to homepage
- Order page has images for payment options
- Mobile integration "template"

Group B:

- Selection location first, displays stock along with it
- Second is Enter in person information
- Flexible and scalable for any display size (mobile friendly)

Group C:

- Approve and deny orders functional (send reason for deny order)
- In current order list, make it go across the page instead in rows instead of down in columns
- If something does get denied, send an email back about denial
- Be able to filter order history, by any attribute.

There will be a general manager, at each location there will be a separate login for staff  
**(Continue to discuss this with Lorne)**

Should be capturing date/ time in the order history, and display in the admin side.

Plan next meeting for week of January 16th.
