OAC Group C Scrum Meeting Minutes
Monday October 10, 2022

Present:
Zach Prenovost
Karlen Speiser
Cam Wilson
Aiden Murphy

Meeting Purpose:
To create slideshow for requirements report presentation, to rehearse presentation, to work on requirements report document

What was discussed:
What are our functional requirements?
- Documented on slides

What are our non-functional requirements?
- Documented on slides

What do we want to have done by each milestone?
- Documented on slides

What is our Testing Plan
- Documented on slides

Accomplished:
-Reasoning for chosen tech stack prepared for presentation
-Explanation of data flow diagram prepared for presentation
-Explanation of user groups prepared for presentation
-Client sent reasoning for the tech stack and approved our preferred stack.

Rehearse all aspects of presentation including:
1. Software description
2. User groups
3. DFD level 1 and 0
4. Functional requirements
5. Non-functional requirements
6. Tech stack
7. Testing procedure

To do this week:
- Create in depth testing procedure including technologies and document all areas of software that need to be tested (All / Aiden)
- Record and submit requirements video (All / Zach)
- Upload slides to github (Cam)
- Continue working on requirements report (All)
- Upload and run gitstats report for week (Karlen)
